

Nie mogę zapisać konfigu -Acajoom News 1.1.1

Autor: jokrasa - 2008/03/26 16:43

Witam.

Zainstalowałem komponent / moduł / bot Acajoom 1.1.1 i po wejściu w panel konfig. i próbie zapisu jakichkolwiek zmian wyskakuje mi komunikat typu:

```
" xonfig::store failed
```

```
Duplicate entry '\cb_integracion'\ for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( '\cb_integracion','\0' ) xonfig Object ( => cb_integracion => 0 => => #__acajoom_xonfig => akey => xonfig::store failed
```

```
Duplicate entry '\cb_integracion'\ for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( '\cb_integracion','\0' ) => database Object ( => INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( 'cb_integracion','0' ) => 1062 => Duplicate entry 'cb_integracion' for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( 'cb_integracion','0' ) => jos_ => Resource id #12 => => 0 => 0 => 0 => 0 => Array ( ) => 0000-00-00 00:00:00 => ` ) ) xonfig::store failed
```

```
Duplicate entry '\report_error'\ for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( '\report_error','\0' ) xonfig Object ( => report_error => 0 => => #__acajoom_xonfig => akey => xonfig::store failed
```

```
Duplicate entry '\report_error'\ for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( '\report_error','\0' ) => database Object ( => INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( 'report_error','0' ) => 1062 => Duplicate entry 'report_error' for key 1 SQL=INSERT INTO jos_acajoom_xonfig ( `akey`,`text` ) VALUES ( 'report_error','0' ) => jos_ => Resource id #12 => => 0 => 0 => 0 => 0 => Array ( ) => 0000-00-00 00:00:00 => ` ) )
```

Co to jest i jak tego się pozbyć

Dodam, iż po wejściu do samych tylko Newsletterów wywala mi komunikat typu:

```
" Warning: constant() : Couldn't find constant 0 in /home/lucyna55/public_html/administrator/components/com_acajoom/classes/class.listype.php on line 37
```

```
Warning: constant() : Couldn't find constant 0 in /home/lucyna55/public_html/administrator/components/com_acajoom/classes/class.listype.php on line 112
```

```
Warning: constant() : Couldn't find constant 0 in /home/lucyna55/public_html/administrator/components/com_acajoom/classes/class.listype.php on line 44 "
```

Bardzo proszę o pomoc.
